Engine Test Stand. When rebuilding the matching number 327/350hp for the 68 vette, I want to make sure that everything goes well. That last thing I would want is there to be an oil leak all over the freshly restored body and chassis. For this reason, I decided to build an engine test stand to operate the engine prior to installation, plus, it is a good way to keep an engine from sitting too long without it being run.
